- Add-on courses like Python, Astronomy and Astrophysics, Medicinal Botany and conservation, Tally are conducted
- The institution has a well equipped Digital Language Lab, which is established with an objective of upgrading the students' approach towards the language skills i.e. Listening, Speaking, Reading and Writing Skills. Efforts have been made to create opportunities for students to explore many learning methods to understand, practice and master the language. The software 'Clear Pronunciation' has been installed in all the systems, as it is user friendly and helpful in mastering the language
- The software consists of the pronunciation of 44 speech sounds of International Phonetic Alphabets consisting the vowels and the consonants. The students after learning each sound has to go through a couple of exercises like verbally uttering the sound, transcribing the words and finding the right sound. The students are monitored while they solve the exercises.
