**REPORT OF THE ONLINE KANNADA RAJYOTSAVA**  
**CEREMONY**

Rajyotsava is celebrated on November 1, 1956 as a symbol of the present State of Karnataka. Kannadigars celebrate this day as a state by merging all the Kannada speaking regions of South India into a State.

On 7/11/2020 at 11a.m, our college's Kannada Department hosted an Internet based online Kannada Rajyotsava Ceremony, Via Google Meet Forum, Dr.PremaSiddaraju, Principal of our college, spoke the opening words of the ceremony and shared his impression that Kannada is not just a language, it is an integral part of literature, culture and life.

Chandrashekar.N.P who was the chief guest at the event. Senior Parliamentary Interpreter, Loksabha Secretariat, Parliament of India, Vice President, Delhi Kannada Education Society, New Delhi and Chairman, Cultural Committee, Delhi Karnataka Sangha.

A linguistic province was chosen 65 years ago. What are the aspirations and dreams of our elders in this period of 65 years? What should our homeland look like? What dreams they had of what our homeland should look like! Do those dreams really come true? When asked, frustration arises. Because we are emotional talking about our mother tongue. These 65 years are not a short one. It represents a generation. Are we properly exploiting the opportunities we have as a responsible citizen in a democratic system? Or do we feel inferior to ourselves? Vishwa expressed that he does not know.

Also, students who are hesitant to take kannada language as amedium, optional to take the exam in their native language to pass the Central LokayuktaExamination. But he fears that the number of candidates who take the exam in English and Hindi, other than English, is too low.

President of the event, Dr.C.U.Manjunath, retired Principal, SJR College and Researchers. They should not be limited to just one day Celebration of Kannada Rajyotsava program. Love, Care, Goodwill and Respect for Kannada must be a continuous process. It will be perfect.

He also made his presidential speech expressing impatience with the lack of determination and willpower in our State and Central Governments regarding language.

At the ceremony, The principal of the SJR PU College for Women, Prof. T.S.Kalpana was also present. SJR PU and Degree Faculty's and Non Teaching Staff and Students attended the event. Head of the Kannada Department Mrs.Roopas introduced the guests and Welcome who attended the event. The presentation was delivered by Mr.Ashok N S, a Lecturer in Kannada. Vote of Thanks was delivered by Mrs.Vinoda a kannada lecturer at PU.

The Kannada department of Sri Jagadguru Renukacharya College for Women, Rajajinagar, Bengaluru organised online Vachana Gayana Kalika Shibira from 31-05-2021 to 9-7-2021.

The honourable principal Dr. Prema Siddharaju delivered a valuable speech on the importance of vachanas. She encouraged the students to participate and sing the vachanas with content.

Along with chief guest few scholars were participated, Balavanth Rao Patil, director kannada and culture department, Anurag Gaddi a famous singer and Guruprasad kuchhngi. All of them praised the participants and the department and college fir organising such beautiful event through online.

A prominent singer Anurag Gaddi participated in this Vachana Gayana Shibira. Totally he took 15 classes for the students and he taught the way of singing vachanas to the students. He explained the inner meaning of vachanas to the students. The following are some examples:-

Antharagadalli Arivadadenayya  
 Bahiragadalli kriye illadnacka  
 Deha illadirdade Athmakashrayaunte  
 Kannadi illadire tanna muka kanabahude  
 Sakara nirakara yeko deva  
 Koodala chenna sangamadeva.

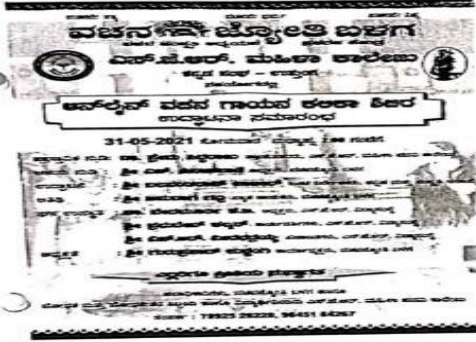

Jnanayogi Chenna Basavanna explains the role of inner personality of a person. If a person gets inner knowledge then he will be act wisely in outer life. Similarly if we don't have body then there is no place for life. Further he explains how we cannot see ourselves without the mirror then he concludes by saying life is filled with happiness and sorrow but a person should learn to bear all these things in his life. Finally he will definitely learn certain the blessings Koodala Chenna Sangamadeva.

**Gandhi Study Centre**

**Report on the Martyr's day observed on 30-01-2020**

The Gandhi Study Centre of S.J.R College for Women observed Martyr's Day on 30-01-2020 to mark the death anniversary of "Father of the Nation" Mahatma Gandhi who played a prominent role in the freedom struggle through non-violent and peaceful methods.

On this day the student members of Gandhi Study Centre spread awareness to all the students of SJRCW on the importance of Gandhian Ideologies, Values and Thoughts.

Gandhian Principles such as

- Give up Violence and practice Non-violence
- Quit Dishonesty and follow Honesty
- Be Self-sufficient without depending on others
- Follow Simplicity over luxury
- Principles of Sarvodaya is the Humanitarian principles
- Upliftment of society through individual growth
- Remove inequality and promote equality

Placards stating these seven principles of Gandhi written in Kannada were displayed, carried by the student members. They marched across the campus and voiced Gandhian Principles as slogans and visited every class rooms to explain the significance of Sarvodaya Day.

They promoted the arguments that the Humanity is passing through a very difficult period. Violence and terrorism have become the catch words these days. The forces of violence both at the level of the individual and at the level of systems can be overcome by the practice of ahimsa or nonviolence. They urged that the Non-violence is the only force capable of challenging violence and would bring in unprecedented and revolutionary changes in human life leading to the development of nation.

The student volunteers indicated that the Gandhi's theory of peace, human values should take great prominence and recalled the Gandhi's thought on truth -- "Truth realization as the realization of the God".

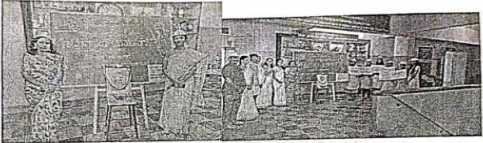

They stressed upon the fact that the sarvodaya society is based on equality and liberty and there should not be unhealthy competition, exploitation and class-hatred. The student volunteers notified that Mahatma Gandhi was of the firm view that the earth

provides enough to satisfy every man's needs, but not for every man's greed Simplicity makes life not only easy, comfortable, enjoyable, but also beautiful These efforts of the student members of Gandhi Study Centre helped the peer group to improve their attitude to Gandhi and Gandhian principles.

Two minute silence was observed at 11:00 A.M., Presence of Dr. Harshini C.S, Principal, Dr. PremaSiddaraju, Chairperson, Gandhi Study Centre added value to the event.

Topic- 1. Rasaprashnavali

Time : 1.30 to 2.30 pm

Venue : Room No -09

**I Rasaprashnavali**

As a part of celebration of Hindi Competition event was conducted to students on the respective day.

To reinvent the education system and give students a break from traditional classroom learning, there is a dire need to revive the quiz culture in colleges. And technology can act as a facilitator by bringing innovation to quizzes and ensuring active participation among students. Besides the obvious academic benefits of expanding a student's knowledge and exploring new skills at an early age, quizzes redefine the education system in significant ways:

- Interactive platform: Today, quizzes are interactive platforms where students are not participating to take home a prize or get famous overnight, but to gain knowledge, seek opportunities to excel beyond academics and secure their future.
- Changes scope of learning: Since questions are based out-of-syllabus and require critical thinking and extensive research, students get into the habit of innovative learning from an early age.
- Here, corporates can play a vital role by using quizzes to give students much-needed early exposure to make them skilled and job-ready. Many corporates have come up with their own unique online programmes in this regard.
- The future of quizzing lies in our desire to transform learning for our students. While the tools are in abundance, the focus needs to be on the content. Quizzing is not just about GK, but about connecting the dots, reading between the lines and arriving at a conclusion. It needs to focus on logical reasoning.

Sanskriti cultural committee

#### Srushti Inter-class competition report

As cultural activities play a key role in developing the students by all ways, we celebrate SHRUSHTI every academic year. Shrushti was thus celebrated on 12/9/2019 and 13/09/2019. Various programs were lined and performed by the students from all the field with full enthusiasm. The judges for the activities were :

1. Chaitra A : Alumini member
2. Kushal Gowda : Model event organizer.

Various programs were organized which included:

1. Group song ( any filmy hits with karaoke)
2. Drama ( social awareness )
3. Group dance ( dance with probe)
4. Mime/fashion show/western and bollywood dance.

All the events were organized on the 2 dates as mentioned above. The judges were happy evaluating the programs and on the final second day the winners were allowed. Students from all the stream participated actively and the audience also thoroughly enjoyed the events, thus making it a grand success. The entire event was supervised by the members of the cultural committee under the guidance of the chair person of the cultural committee. The program finally ended up by declaring the STARS OF SRUSHTI.

The importance of social and cultural activities is preparing students for real life and strengthening their personal skills. Social/cultural activities not only help students to identify themselves with the university, but also assist students to develop themselves in a desired field and also improve skills such as organizational, presentation, leadership and interpersonal communication. As social and cultural activities are of paramount importance, the University encourages all extra-curricular activities that are both in line with the educational objectives of the institution and meet the needs of the students. Culture can be defined as the arts as well as the intangible shared beliefs, values, and practices of a community. Students participate in arts and culture at varying levels of skill and engagement. Some create, while others listen to, watch, teach, critique, or learn a cultural activity, art form, or expression. Some are professional artists, designers, and inventors, while others engage informally in expressive activities or create innovative tools, relationships, or products. The field as a whole can be represented within a framework that has four main aspects: degree of professionalism, type of activity,

### My life, My wish

When you are born, you cry and the world rejoices. Live life your way and when you leave, the world cries and you rejoice. Once we are born and see this world, there is nothing but to decide which way to go. Nobody else has the right to decide how I should live my life and I don't want some one whom I've never met, come and say what I need to be doing and where I will end up. Life is all about learning. May be I will end up being an MBA graduate and a Company Secretary Professional, but my innermost passion has always been to be a Dancer for I knew I wanted to be recognized as one consider that every dancer is celebrity in her own right. Dancing teaches one to analyze oneself, to ignore haters, to dance without a partner, to bear aches and pains, to develop a unique voice and perspective, to work hard on things, to test ourselves regularly, to avoid small talk and stop complaining. Dancing is one profession which prepares us so much for life. All of these drove me to become a passionate dancer. But, my wish of becoming a dancer came with its very own long list of criticisms. "It's only a hobby and not a profession, you can't dance once you turn 30" and what not! To all those words of discouragement my response was absolute silence, for I knew I would succeed one fine day. It takes about 10 long years to make a mark as mature dancer whose body is shaped, disciplined and trusted, movements become clean, precise, eloquent and ruthless. Dancing appears to be easy and glamorous. But, the path to the paradise of achievement is not at all easy. As a living example to this, my body becomes fatigued and at times cries even in its sleep. The pain a dancer goes through is indescribable and my life as a dancer went through many ups and downs. But, today I stand strong and happy as this is what I wished for. Today I've been loved for what I am doing. I've been loved for realising what I wished for. I believe, I'll never stop being me. I've never grow old, I'll never stop loving what I do. I also strongly believe you should not live some else's dream and follow clueless directions which is exhausting. We need to always follow our innermost calling. Once you fulfil all your obligations of working hard and getting good formal education, you have the rest of your life to do what you wished or dream of. This is called your wish. Don't let someone else guide your life; the freedom of making choices lies within us all. Remember that the wish is yours to be successful.

We are what we "wish" to be.

### नारी के जीवन में शिक्षा का योगदान

शिक्षा एक ऐसा धरोहर है जो जीवन में सफलता प्राप्त करने के मार्ग में हमारा हाथ पकामा रहता है। आज हमें बहुत खुश होना चाहिए कि बिना किसी भेद-भाव से हम शिक्षा प्राप्त कर रहे हैं। शिक्षा के क्षेत्र में कोई भेद नहीं होता और लड़कियाँ ही या लड़कियों की ही कोई पाकट नहीं है। पर पुराने जमाने में अगर लड़कियों को शिक्षा प्राप्त करना इतना महत्व नहीं है क्योंकि उनका काम घर वार देखना है न कि बाहर जाकर काम करना। उस समय में लड़कियों की शादी भी बहुत ही कम उम्र में किया जाता था उन्हें घर के बाहर का कोई भी जानकारी के बारे में बताना ज़रूरी नहीं समझता था नारी को सिर्फ घर में काम करने के लिए और परिवार का प्यान रखने के लिए ही योग्य माना जाता था। इसके कारण नारियों को बाहरी समाज का ग्यान प्राप्त नहीं हो पाता था, वह सिर्फ अपने ही छोटे सी दुनिया में रहती थी। इन सबके कारण उसकी हालत ऐसी हो गई थी की कभी भी अपने ऊपर होने वाले अन्यायकार हिंसा और अस्वास्थ्य के ऊपर आवाज़ नहीं उठाती थी वह अपने जीवन को दूसरों के लिए ही समर्पित करती थी इसके कारण उसके अस्तित्व का एहसास कभी भी नहीं हो पाता था। पर जैसे समय और सोच बदलने लगी तब नारी ने लोगों को एहसास दिलवाया कि उसका जीवन सिर्फ बलिदान के लिए नहीं है, वह सिर्फ दुनिया बनने के लिए परिवार का प्यान रखने के लिए नहीं बनी है। बहुत सी बहिनयों और परिश्रम के बाद नारियों को भी शिक्षा के क्षेत्र में समानता का स्थान दिया गया। हम जो आज इनकी सफलता में शिक्षा प्राप्त कर रहे हैं उसके बिना नारियों का परिश्रम और धैर्य का फल है। शिक्षा सिर्फ एक उपाधि नहीं है शिक्षा से आत्मनिर्भरता बढ़ती है और देशी है वह विद्यमान विद्या है कि ज्ञान में वह फल भी जीवन बना सकती है। शिक्षा के बिना जीवन सरल नहीं क्योंकि सफलता के मार्ग में शिक्षा पहला कदम है।

### बेटी

इसवर ने जब दिया हमको बराबर का हथुका फिर बेटी और बेटी में क्यों फरक ? बेटीवों को मिलेगी ओ मीका । लोके दुनियाँ में सुख, अपनी की साथ खड़े जब टुक थक घड़ी नाम रोशन करेगी बेटी

### व्यक्तित्व

धर्मंड न करना जिन्दगी में तकदीर बदलती रहती है शिक्षा रही रहता है बस तस्वीर बदलती रहती है दूसरों को सुनने के लिए अपनी "आवाज़" ऊँचा मत करो बल्कि अपना व्यक्तित्व इतना ऊँचा बनाओ कि आपकी सुने के लिए लोग इंतजार करें

# Community service by Computer Science Department

**S.J.R College for Women  
Rajajinagar, Bengaluru**

**Department of Computer Science**

**Report on Community Service-Orphanage Visit**

As a part of EC-CC activity, community service program is conducted for the academic year 2019-20 by the Department of Computer Science from **20<sup>th</sup> September to 25<sup>th</sup> October 2019** for 30 students group of I year and II year BCA, BSc and BCom courses. This service included the teaching process for primary and high school students of **Need Based India**.

The schedule for this activity is as follows:

Sl. No	Date	Activity/Topics	No. of Hrs
1.	16-8-2019	Group formation and topic selection	2
2.	23-8-2019	Content preparation and evaluation	2
3.	20-9-2019	Orphanage visit-interaction with students on the topics: basics of computers, generation of computers, MS-paint, MS-Word.	3
4.	27-9-2019	Content preparation and guidance on Basics of banking transactions	2
5.	4-10-2019	Orphanage Visit-Interaction with students on the topics: MS-Excel, banking transactions, online shopping and social media.	3
6.	11-10-2019	Discussion with students on some simple science experiments and crafting work.	2
7.	18-8-2019	Preparing manuals for flowchart symbols, DFD, ER-notations, currencies of various countries.	2
8.	25-10-2019	Orphanage visit-entertainment activities	2

The topics selected for teaching are Basic of Computers, MS-Paint, MS-Word, Excel, Awareness of Social media, banking transactions, online shopping. These topics are distributed among five groups. In basics of computers, students taught parts of the computer, functionalities, advantages and disadvantages and applications of computers in various areas. For designing, Ms-paint tool is used, here they have shown how to draw the picture, how to colour and how to edit the picture. In MS-word, students explained typing the document, formatting, inserting pictures, alignment and other basic features; in excel concepts such as inserting rows and columns, basic mathematical operations, inserting charts and other few concepts. One group of students explained social media like facebook, twitter-how to register, how to share their views, how to upload the photos and other usage of these media

Rajajinagar, Bangalore-10.

and also explained how it is helpful in building network online. In Whatsapp, how to create group, how to add numbers, how to send and view messages. Students also concentrated on brief discussion on the app TikTok which is a short-form, video-sharing app that allows users to create and share 15-second videos, on any topic, here they have created videos on cute, pet animals.

The other group of students explained the importance of saving money through banking. Banking transactions such as creating account, deposit and withdrawal of amount to and from the bank, types of cards and their differences and also explained how to order for items online through the websites such as Flipcart, Amazon and so on.

Two simple experiments are done in front of the students one is **observing the electric force**-Running a plastic comb through the hair, and then place the comb near small pieces of paper. The paper is attracted to the comb. This happens because the charged comb induces an opposite charge in the paper and as opposite charges attract, the paper sticks to the comb. The other experiment is - **sound waves created by talking through the cup travel through the line to the other end, converting back to sound on the opposite side.**

**Kit needed:** 2 paper cups, Long string, like fishing line, kite string, a sharp pencil or needle to poke holes in the cups and Scissors. The procedure is: cut a long piece of string of at least 50 feet. Poke a small hole at the bottom of each cup. Using each end of the string, thread it through the bottoms of the cups, tying a large knot so that the string does not fall out of the cup. If you make the holes too large, use a washer or paper clip to hold the string in place so that it does not pull out of the cup, move into position and encourage the child to move away from us so that the string is far enough to make it tight. At any condition the string does not touch any other object and that it remains suspended in air as we complete the experiment. Taking turns, talk into the cup, while the other person listens by putting the cup to their ear. Repeating the same at the other end can hear after spoken.

The activity-community service ended with the distribution of stationeries to the students for their writing and also distributed sweets, biscuits and snacks to the students. All the students of our college and the students of orphanage community both have enjoyed in all the sessions of training including the last day activity.

**Outcome:**

Students are able to

- Create well formatted documents using MS-Word.
- Perform basic mathematical operations in excel.
- Design the picture, colour the picture and the edit the changes.
- Maintain their bank accounts for basic transactions.
- Do the online shopping.
- Understand the simple concepts of science around us.
